

# Gatekeeper

Global non-fiduciary asset protection

**Helping companies and individuals to do business and live in challenging environments.**

Gatekeeper services help companies and individuals to do business and live in safely and securely in challenging environments anywhere in the world. Our expert knowledge and experience mean that we are well-placed to provide the support and advice to reach informed decisions and to provide appropriate and bespoke lifestyle management services.

## Services Menu:

- Identification and due diligence on local, professional service providers
- Yacht, Aircraft & Specialist project Management
- Crew and Staff Management
- Security Training & Site Management
- 24/7 Crisis Management and Support
- Inspections & Audits
- Close & Executive Protection / Maritime Security / Security threat and risk reports
- Event Management
- Information Security Management

Gatekeeper services are tailored to individual client requirements and we maintain close relationships with our clients throughout the life of their projects and contracts to ensure that success is achieved.

We package an all-inclusive Gatekeeper concierge service which provides the client with security of assets and knowledge that he has a single point of contact and a single invoice at the end of each month but his affairs are being dealt with under a single umbrella organisation which manage those assets and remove the headache of the daily operations.
